MATERIALS/GLASS PROJECT SUCCESS

International Recognition

**International Genius
Olympiad Finalist:
Oswego, NY
(Bioactive Glass Project)**

Other Research Topics:
Amer. Heart Assoc. Scientific
Papers Conference Acceptance:
Nov. 2019, Philadelphia, PA

INTEL ISEF Finalist:
Phoenix, AZ

National Recognition

**FFA:
Four National Finalists
(3 of 4 Bioactive Glass Projects)**

Other Research Topics:

Published, National High School
Journal of Science

PA State Recognition

**FFA:
State Champion, Agriscience Fair
(Bioactive Glass Project)**

**Best of Show, Agriscience Fair
(Bioactive Glass Project)**

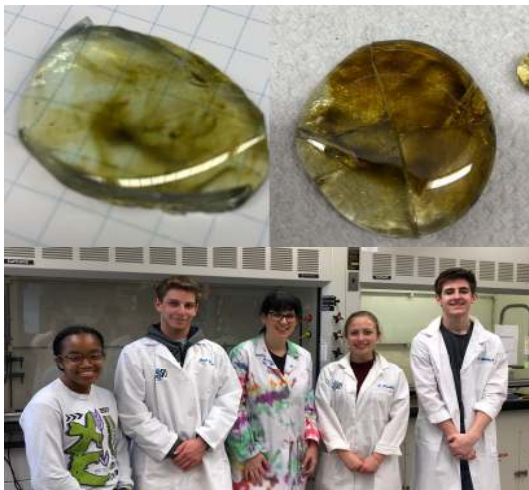

**Five Category State Champions
(4 of 5, Bioactive Glass Projects)**

**Governor's STEM Competition:
Harrisburg, PA (Glass-Chicken
Manure)**

**State Champion- Sustainability
Division**

**PA State Most Original Idea Award
2nd Place Overall in State**

GLASS-CERAMIC PROJECT DEVELOPMENT 65% IN GLASS-CERAMIC-MATERIALS SCIENCE

MEUSER.HOUSE.GOV

In DeVos Hearing, Meuser Highlights Berks' Conrad Weiser School District

STUDENT- INTERN-INSTRUCTOR TESTIMONIALS

“I learned that it’s ok to not know what you’re doing sometimes.”

7th grade student

“I learned how to better market myself to future employers! The networking event was awesome!!”

12th grade student

“In reality, progress is made by groups of people who are helping each other to learn and grow, as scientists and as people. It was wonderful to experience that process firsthand and to play a role in the growth of the students.”

College intern

“My favorite moment from SRI this year was seeing the kids’ faces light up whenever we did materials science labs”

SRI Instructor
